

CLEANING IMPACTS YOUR BUSINESS

People often underestimate the impact cleaning has on their business' performance. Multiple studies show that **companies with poor cleaning practices face the following challenges:**

30%
of wasted company time is spent on cleaning

39% Drop
in customer satisfaction

23%
of work-related injuries are caused by falls, trips and slips

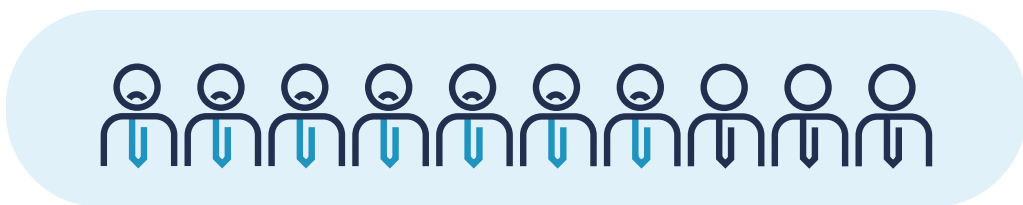

An average of 2 more
Sick Days
per year

On average, employee lose
2.2 Days
a year queuing for the cleanest toilet cubicle

72%
of employees think their employers "don't care" about them

70%
of employees have low job satisfaction

We believe

if businesses take action to overcome these challenges, their workplace productivity will increase drastically.

THE 3P APPROACH

Cleaners are trained and inducted to perform

We only use 'green' products. Most of the cleaning products we use are made from eucalyptus oil. **Up to 85% of the surfaces we clean are cleaned with eucalyptus oil.**

We use colour coded rags to minimise the risk of cross contamination:

- GREEN GENERAL
- YELLOW KITCHEN
- RED TOILET
- BLUE GLASS

We take special care when it comes to 'touch sensitive areas'. These are the areas we touch often without noticing. These can be

DOOR KNOBS

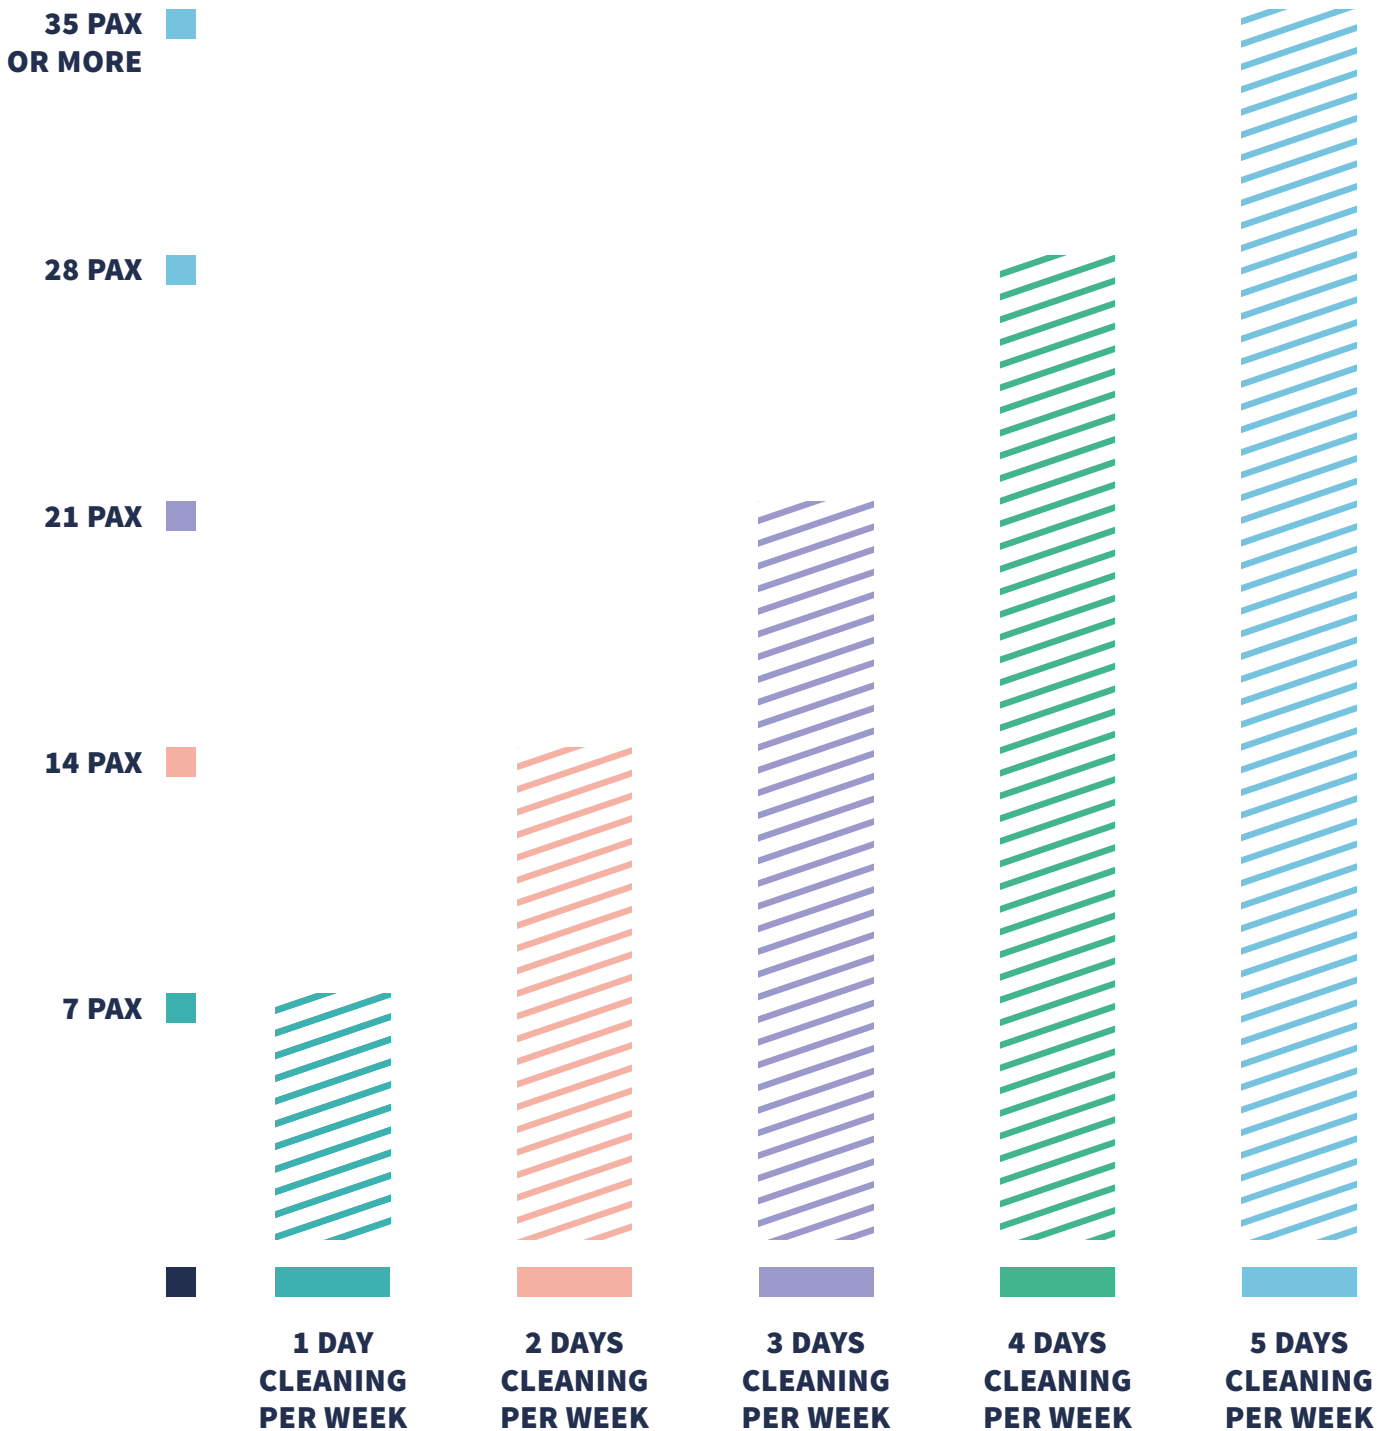

SWITCHES

BALUSTRADES

IDENTIFY THE CLEANING FREQUENCY NEEDED FOR YOUR OFFICE

If you think we share the same values and beliefs,

LET'S WORK TOGETHER TO MAKE A DIFFERENCE.
